MASTER'S TERM PROJECT SIMILARITY REPORT

Tarih :.././....

Student's Full Name	
Student Number	
Master's Program	
Term project Advisor's Full Name	
Title of the Master's Degree Term Project	
Similarity Software Report Date	

A similarity report was obtained for the master's term project with the title mentioned above, using the similarity detection software called Turnitin, by applying the following filters:

- *Bibliography excluded*
- *Quotes excluded/included*
- *Limit match size to 5 words*

According to the similarity report presented in the attachment, the similarity rates are as follows:

AI Similarity Ratios for English Programs:

Quotes included (max 30%)	
Quotes excluded (max 20 %20)	
Matching rate with a single source (max 2%)	

Quotes included (max 30%)	
Quotes excluded (max 20 %20)	
Quotes excluded (max 20 %20)	

In that respect:

- () The similarity rate and the match rate with a single source do not exceed the limits.
() The similarity rate and the match rate with a single source exceed the specified limits.
() The similarity rate and the matching rate with a single source exceed the limits, but I believe that there is no plagiarism with the justification stated in the appendix (Justification must be added).

Attach the plagiarism program report and provide a justification if applicable.

Justification:

Advisor's
